A DURAVANT COMPANY

POWER TRAX

FOR BESTFLEX POWERED CONVEYORS

The PowerTrax takes the work out of moving conveyors in and out of trucks for faster, easier and safer while loading and unloading trucks. Simply press the forward button and the PowerTrax will pull your conveyor into a truck. Press the reverse button, and the PowerTrax will push your conveyor back out to the loading dock floor.

The chasis is all-bolted 10 gauge steel. A strong positive traction running gear pulls the 12" tired for easy traveling over dock levelers. No special wiring is required. Operates on 110 volts. Available with powered roller bed or gravity bed.

FMH CONVEYORS IS A MEMBER OF THE DURAVANT FAMILY OF COMPANIES
